

Eden Mock is a fictional engineering manager used only for converter tests. This fixture contains no real personal data. Work samples describe synthetic products such as the Example Labs onboarding kit and the Sample Corp design system.

March 2021 – Present

- Led the Eden conversion checklist for synthetic onboarding at Example Labs.
- Wrote internal style notes so reviewers could edit role descriptions after export.

April 2018 – February 2021

- Led the Eden conversion checklist for synthetic onboarding at Example Labs.
- Wrote internal style notes so reviewers could edit role descriptions after export.
